Players must be on the field ready to play at least 15 minutes before game time. Those who are late will have significantly less playing time. If there is an emergency or scheduling conflict (flat tire, brother or sister playing on another KYL team in a different location), please tell Mr. Horton when you arrive (or better yet tell him in advance).

## What If It Rains?

If it rains (hard enough for puddles to form) after 12:00 noon on a weekday, the activity will be cancelled. When in doubt, call the Kare office in Arcadia at (626) 442-1160.

On game days, ALWAYS call in to see if the game is on or not. Especially in football, games are played if at all possible. The only reason not to play is if it will damage the field or if there is lightning possible. Call the number above one hour before game time to check on game status.
