Hitting with two strikes

As a hitter early in the count, especially when you're ahead, you look for something you can drive. However, you are sure to encounter times at bat when you have two strikes. Here is a technique to help you put the ball in play and hopefully hit it hard even when the count is against you.

The Four-up Technique

- 1) Choke up on the bat.
- 2) Move closer to the the plate.
- 3) Widen your stance.
- 4) Protect the plate. Meaning swing at anything close. Foul off pitches if you have to, until you get one you can hit hard.
