

INTERLEAGUER

VOLUME 73, NUMBER 30 • APRIL 28, 2014

COLUMN ONE

This motorcycle act will leave you speechless.

It's as Easy as 1-2....

The "Partner Group" selling plan is a great way to reach your selling quota. What is the "Partner Group" program? It's as easy as 1-2...well, it's so easy that we don't even need a 3.

- 1) Turn your name and the name of a non-profit group (school PTA's, youth groups, church groups, etc..) into the office that would like to earn money by selling tickets to the Kare Circus **by Tuesday, May 6**. Once your group is approved we will give you the information they need to become a Kare Circus "Partner".
- 2) If they like the "Partner Group" plan and agree to participate, your family automatically gets credit for one child's entire ticket quota.

Pearl Prep Moves to Arcadia

Pearl Prep is going to be moving to Arcadia this fall and would like to invite prospective students to the Pearl Information Night on Thursday, May 8th at 7:00 p.m. Call us at 626-442-7737 to R.S.V.P. or sign up online at pearlprep.org. The information night will be at the new location 1307 Longden Ave. in Arcadia.

Don't Let That Stop You

Tommy was a curious kid. Throughout his childhood he loved to tinker with things just to figure out how they worked. His enthusiasm often got him in trouble at school however, and so, by the age of twelve, he was home-schooled. After trying some experiments he read about in books, Tommy built a small laboratory in his room and began to create his own. After a few failures his parents had him move his laboratory to the basement. The many explosions that occurred there were legendary.

To fund his experiments, Tommy took a job as a newsboy on the railroad selling candy and drinks. Still curious, he set up a small laboratory in the baggage car of the train so he could experiment during his time off. But, as you might have guessed, an accidental fire on the train eventually followed, and Tommy was out of a job.

At the age of 16 Tommy built his own telegraph and then soon after got a job as a telegraph operator in Port Huron, Michigan just off the lake. It seemed like the perfect job for the boy. He was slightly deaf and the clicks of the telegraph were easy for him to pick up. Unfortunately, like many of his other adventures, this one also ended in him getting let go when he almost blew up the office while experimenting with the equipment.

The next five years saw Tommy traveling around the country going from one job to another, finally ending when he was fired from Western Union in Boston when he played an elaborate prank on his boss.

Tommy eventually decided to go into business for himself and that's when things started to change. Soon his curiosity would lead to the creation of many inventions and much notoriety. Yes, this boy who couldn't hold a job would soon make it possible for others to work at theirs far into the night. Who was this boy? None other than Thomas Alvin Edison.

KARE YOUTH LEAGUE GAMES AND ACTIVITIES

Schedule for Saturday, May 3

GREAT START DIVISION

Thursday, May 1

Bucs vs. Panthers 5:00 U-1

Friday, May 2

Lions vs. Tigers 5:45 C-1
