VOLUME 73, NUMBER 32 • MAY 10, 2014

## **COLUMN ONE**

*Bello will be walking over the Rose Bowl on June 6 and June 7. Tell your friends and family that they won't want to miss it.*

### **Four Weeks to Go**

The Circus is just four weeks away and there are still quite a few members who have not turned any money in yet. We suggest starting things off by purchasing a ticket for everyone in your own family just to get the ball rolling. Then, hit up immediate relatives like grandma and grandpa; they love talking to the kids anyway, right? Next, it's time to get some pay back from that neighbor that keeps you up at night or starts the car up at 4:00 in the morning. Your silence should be good for at least a couple of tickets. How about aunts and uncles? You had to put up with them while you were growing up. The least they could do is buy a couple of tickets.

### **Mount Kare Open House**

Keep the Mount Kare Open House in your plans for Memorial Day Weekend. It's a beautiful hour to hour and a half drive and the kids will love all the activities and the complimentary lunch. Plus, you'll get a chance to check the place out before you send your child to camp this summer.

### **It Ain't Over 'Til It's Over**

Pearl Prep and Rio Hondo Prep have had their information nights but it's not too late to get information. Come find out the benefits a small class size can bring your child. Make an appointment for a tour by calling either office. Contact Pearl at (626) 442-7737 or Rio Hondo at (626) 444-9531.

### **What Can You Live Without From God's Little Devotional Book**

*The Mysterious Island*, a novel by Jules Verne, is the story of five men who escape a Civil War prison camp by hijacking a hot-air balloon. Very quickly, they realize the wind is carrying them out over the ocean. As the hours pass, they see the horizon receding and realize that they are also losing altitude.

Since they have no way of heating the air in the balloon, they begin to throw some of the excess weight overboard. Shoes, coats, and weapons are reluctantly discarded. Yet they rejoice that the balloon begins to rise.

Soon, they draw dangerously close to the waves again and begin to toss their food overboard. Better to be aloft and hungry! Yet a third time, the balloon begins to descend, and this time one of the men suggests they tie together the ropes that connect the balloon to the basket in which they are riding, and then sit on the ropes and cut away the basket. The very floor they had been standing on falls away, and the balloon rises once again.

Suddenly, they spot land. With not a minute to spare, they jump into the water and swim to an island. Their lives are spared, not because of any great heroics, but because they had learned what they could live without.

Ask yourself, "What can I live without?" It may be time to throw some things overboard and begin to spend your time following more worthy pursuits with friends and family.
