Do You Have A Screw Loose?

The first step to a cure is to recognize the problem. Make sure to check all the screws on your son's helmet to ensure that they are tight and ready to go for the upcoming season. We don't want any loose screws out there.

When Was That Due Again?

The membership fee for the fall is now past due. Make sure to pay in the office this week so your child may stay eligible. Also, signing up for the automatic debit program can save you some money. Feel free to ask about it in the office.

COLUMN ONE

In July the Kare Youth League Middle School boys embarked on an almost three week long adventure exploring the Western United States in places like Arizona, Wyoming, and Utah (#jealous). They saw geysers in Yellowstone National Park, beautiful scenery at the Grand Canyon, and went rafting down the Snake River.
