## **COLUMN ONE**

*This is a shot from Pearl Prep's Grandparent's Day last week. What a great event!*

### **Basketball Checklist**

With basketball starting for most groups it is important to make sure of a couple of things:

- 1) Make sure to double check practice and game times – some teams will be changing practice and game times (even locations) for basketball.
- 2) Find out ball size and basket height – practicing at home is important and that means using the correct ball and shooting at the right height. Teams play at a basket height anywhere from 7-10 feet depending on the age.
- 3) Team uniforms – make sure to purchase the correct jersey ahead of time and always wear “KYL logo” black shorts for the game.

### **Plant Tour of Kare Park**

Nate Benesi (who holds a Master of Science in Natural Resources Management from Humbolt State University, and a Master of Landscape Architecture from Cal Poly Pomona, and is also the project lead for Conservation Makeovers at the San Gabriel Mountain Regional Conservancy) will be holding a tour of Kare Park at 10:00 a.m. on Saturday, November 16. If you are interested in any of the plant life at Kare Park you might want to come and check it out. Please RSVP with Dave Carson at 626-222-3141 or [davecarson.kyl@gmail.com](mailto:davecarson.kyl@gmail.com).

### **Why Did the Pilgrims Come to the New World? (Part 2)**

*From the website “Stuff From Room 311”  
(Continued from last week...)*

The Pilgrims bought a small ship called the Speedwell and sailed back from Holland to England. They stayed long enough to get more colonists and a larger ship, the Mayflower. They set sail from Southampton on August 5, 1620.

The Speedwell wasn't in shape to make the journey, and the Pilgrims returned to England. They crowded all 102 people onboard the Mayflower and set sail again, on September 16. This time, they kept going. The ocean crossing was long and difficult. Many of the Pilgrims wondered if they would ever see land. Two people died, and one baby was born. On November 9, they saw land.

Two days later, they dropped anchor at Cape Cod, which is now in Massachusetts. An advance party soon went ashore and looked for food and shelter, while most of the people stayed aboard the Mayflower. A group of Pilgrims, led by William Bradford, signed the Mayflower Compact, which said that they agreed to govern themselves and not take orders from other people. More scouting of the new land followed, and the entire group finally went ashore and began to build a settlement. It was December 23, and the place was Plymouth.

The first winter was very hard. More than 40 people died. The rest of the Pilgrims made it through the winter. In the spring, they began to plant food and continued to explore their new home. (Continued next week...)
