AA Division      February 19<sup>th</sup> & 20<sup>th</sup>      \$89\*

Pac 12 Division      February 19<sup>th</sup> & 20<sup>th</sup>      \$89\*

### Camping Begins This Weekend

It's been two years since Kare has held camps at our wonderful facility in the mountains just outside of the town of Wrightwood. In that time the staff at Mount Kare have been preparing, making changes, adding sliding dividers, and is now ready to go. Bunk rooms have been divided into smaller sections so that teams can be more easily separated. The dining room has also been organized to keep teams together in cohorts. Your child's coach will be going and the year around staff at Mt. Kare is ready to go...all we need is you!

### Sign Up for Camp

As you might have noticed, Kare is trying to make signing up for camp easier by completing the entire process on line. Please plan on signing your child up a week ahead of time so our staff can plan. Snow or no snow, camp is a great place to be.

### The Life and Times of Fred

Before we get started there are a few things you need to know about Fred. First, he grew up in a small town where everyone knew who you were which was a blessing and a curse. Second, Fred was a little overweight, shy, and had a bad case of asthma. The asthma would force Fred to stay indoors during tough summer days which didn't do any wonders for his weight or his shyness.

Sometimes children can be cruel and Fred's struggles did not go unnoticed by some of the locals. But we all face troubles and Fred faced them head on. By the time he was in high school Fred was more confident and in better shape. He excelled in school and in music and was even elected Student Body President his senior year.

Partially because of his empathy for others who had struggles in life and partially because of the influence of his grandfather who always believed in him, Fred decided to go into the ministry. He took classes at seminary part time while working another job and ended up graduating in eight years.

Eight years was a long time and Fred was glad to finally graduate but, by that time, his interest had turned in a different direction. You see, that job he had was working at a radio station where he recorded a weekly show called, "The Children's Corner". Soon he was working in Canada on another radio program which led to an opportunity in TV.

That pudgy boy with asthma was soon to be known all around the United States and the World. That shy introvert who sometimes couldn't even go outside would soon talk to millions every day on the television. Fred had his own show for 30 years and affected the lives of millions of children with his calm and empathetic manner. He truly cared for everyone he ever met. Fred Rogers and his show *Mr. Rogers Neighborhood* will never be forgotten.
